Repeat entire dance from the beginning!

Reminder: Parents are welcome to learn this dance and participate with Teelin Dancers! The dance will be taught in all classes the week before the parade, and parents may join the class for that lesson. All parade participants must dance with the group – the parade organizers do not permit people to walk along side or behind the group.

Dancers will line up in formation with their parade partner, dance the Teelin Parade Dance several times, then walk a short distance, then dance, then walk, etc (mostly dancing).

This is a very fun event – take advantage of this opportunity to represent your Irish Dance school in the Baltimore St. Patrick's Day Parade!
